## EXPERIENCE

- July 2023 – Present : **Board Member / Reges Electric Energy**  
Reges is an energy company that mainly provides electric energy to companies within the limits of EPDK. In addition to this, Reges produces solar energy at its own power plant.
- July 2021- July 2023 : **Chief Financial Officer / Yenises Tourism and Transportation**  
As chief financial officer, I worked at Palerium Shopping Mall which was an important part of Yenises Tourism and Transportation. During this position, I not only focused on tracking cash flow and financial planning but also analyzing Palerium's financial strengths and weaknesses and proposing corrective actions. In addition, I governed to prepare the feasibility reports for the new investments to empower Palerium's financial progress.
- May 2017 – July 2021 : **Financial Operations Manager / Yenises Tourism and Transportation**  
The main responsibilities of this position are to oversee the financial operations of all Yenises Tourism and Transportation's current and upcoming markets. As financial operations manager, I was responsible for the financial planning, budgeting, and forecasting of the company. I also oversaw the financial reporting, compliance, and risk management with my team.
- Feb. 2014 – May 20 : **Financial Operation Executive / Yenises Tourism and Transportation**  
The main responsibilities of this position were to improve the reconciliation of payments across all Yenises Tourism and Transportation's current and upcoming markets and to ensure payments are always delivered on time. During this position period, I reported to partners as well as financial reporting to regulatory bodies. I helped monitor and track costs related to payments. I always ensured the accuracy of the data and the related calculations.
- Feb. 2012 – Jan 2014 : **Research Assistant / Haliç University**  
I worked as a research assistant for the International Relations department at Haliç University.
